

MANIFESTO ON CAM SIGNED AT THE EUROPEAN OPEN FORUM CONFERENCE FOR STAKEHOLDERS, Bruxelles, 08.11.2005

This morning we have been talking about subjects such as putting patients concerns higher on the agenda and protecting them from health threats.

If we realise that:

- there is a growing demand among the European citizens for Complementary and Alternative Medicine (CAM)
- clinical effectiveness of CAM is, in many cases, at least as high as the effectiveness of conventional medicine, as showed by several long-term studies involving many thousands of patients
- CAM is not only effective but also very safe, and that, therefore, CAM can help to reduce the enormous burden of mortality and morbidity caused by the adverse effects of conventional prescription drugs

it is high time that the European Union includes CAM in its policy.

This document was signed by:

Dr Ton Nicolai – European Committee for Homeopathy

Dr Giancarlo Buccheri – International Federation of Anthroposophical Medical Associations

Dr Wolfgang Schmitz-Harbauer – European Council of Doctors for Plurality in Medicine

Dr Norbert Missel – Zentralverband der Ärzte für Naturheilverfahren und Regulationsmedizin
